Govt notifies fresh rules to link Aadhaar, PAN

The government has in a fresh notification made it mandatory to link existing Aadhaar numbers with permanent account number (PAN) for taxpayers with effect from July 1.

Amending income tax rules and notifying the same, the government has made quoting of the 12-digit biometric Aadhaar or the enrolment ID a must at the time of application of PAN.

The decision is intended to make Aadhaar necessary for those filing income tax returns.

An amendment to tax proposals in the Finance Bill for 2017-18 had made Aadhaar mandatory for filing income tax returns and provided for linking of PAN with Aadhaar to check tax evasion through use of multiple PAN cards.

Balcony ceiling collapse kills woman, injures husband and son

53-year-old M. Krishnamma (a resident of Lotus Colony, Nandanam) died when a portion of the balcony ceiling collapsed and fell on her head. She was watching workmen repair a sump near her house with her family at the time.

Her husband Marimuthu (60), a retired secretariat staffer, and their son M. Harikrishnan (26), who were standing next to her, were also injured.

Harikrishnan is working as a software engineer in a private company. Neighbours rushed to the scene hearing the family's cries for help. Marimuthu and Harikrishnan were rushed to the government hospital in Royapettah.

Marimuthu, who was critically injured, was later shifted to Govt. General Hospital. The family had moved into the 49-year-old building just eight months back.

Hearing of the incident, TNHB officials visited the place.

Residents complained to the officials that the death occurred because the authorities did not pay attention to their grievances, ignoring their pleas to repair the buildings.

The residents pointed out that many concrete portions were peeling off from the ceiling.

Nandanam metro station to double as pedestrian subway

By Our Staff Reporter

When Nandanam metro station opens next year, it will not just benefit commuters, but will also help pedestrians cross one of the busiest junctions in the city.

The underground metro station coming up at the location will double as a pedestrian subway. Pedestrians can simply enter the station at one end, walk a level down to the ticketing section or concourse and walk across to the other end instead of crossing the 100-ft wide Anna Salai.

The two entry points being built on either side of the Nandanam signal will connect Chamiers Road (Pasumpon Muthuramalinga Thevar Salai) in Nandanam and Venkatanarayana Road in T. Nagar with Anna Salai.

Metrorail officials plan to open the station by mid-2018.

"There will be an extra elevator on Venkatanarayana Road for pedestrians. They can walk into the non-paid area of the ticketing level and walk out at the other end of the road. The elevator will be apart from escalators and elevators at the station entry points," a CMRL official said.

Desalination plants running at full capacity

By Our Staff Reporter

With the four reservoirs set to go dry in a few days, Metrowater is likely to supply around 420 million liters a day (MLD) to residents getting 500 MLD per day.

This supply will again depend on the availability of groundwater in Metrowater sources in Tiruvallur and Neyveli.

The two 100 MLD desalination plants in Nemmeli and Minjur are running at full capacity according to a senior Metrowater official. He said that groundwater in the Neyveli basin, Tiruvallur farms and rainwater stored in Sikkarayapuram quarries will account for about 270 MLD after the Red Hills reservoir dries out. From July, water drawn from the Porur lake will be supplied to residents of Kodambakkam, Valasaravakkam and Alandur zones.

The civic body is also looking to draw water from Manimangalam lake (Kancheepuram District) which is potable. But the nearest distribution point is 20 km. away.

To reach out to the poor, Metrowater has increased free water supply through tankers to residents of working class neighbourhoods by 40%. As a result, the waiting period for residents booking through the 'dial for water' (phone and online) service has gone up to about 12 days.

The private tanker operators who charge about 50% more, have benefited from the situation.

Its members and volunteers are working in 52,000 villages across the country with a network of non-formal one teacher schools that educate and empower the tribal children and create awareness in areas of personal hygiene, sanitation, nutrition and identification of communicable diseases.

It strives to make villagers self reliant and helps them to utilize their local resources for development, especially in areas like agricultural and in natural resource management through projects like Vermi-compost, plantation of herbal and fruit bearing plants/trees, water management, vegetable cultivation, cattle care and creation of self-help groups.

It has established its roots in 950 remote villages in Tamilnadu. One can donate Rs. 20,000 which roughly covers the cost of its activities for one village in a year.

The donations are eligible for 100% exemption under 35AC of the Income Tax Act. For more information, contact Suresh in 4351 6625 / 99419 88819.

Illegal parking, open urinal near Ramakrishna School, Burkit Road

Sir, This refers to a recent report which stated that Dr. Natesan Park (Venkatanarayana Road, T. Nagar) will get a makeover at a cost of over Rs. 3 crores under the Smart City Mission.

While I can understand re-developing a park in poor shape, why should a well-equipped and maintained Dr. Natesan Park need a makeover, that too at a cost of Rs. 3.54 crores? It has all facilities and is even provided with wi-fi connection.

Instead of spending huge amounts on parks which are already in fine condition, the authorities would do well to spend the amount judiciously to revamp civic facilities in bad shape like the decades old Metrowater lines, sewage lines and storm water drains. Similarly, a number of relaid streets in T. Nagar are almost a foot higher than the floor levels of houses on the street which leads to flooding during heavy rains.

Under the Smart City mission, the makeover should not be carried out on a selective basis but by identifying problem areas and addressing them so that the entire neighbourhood can be termed 'Smart'. V. S. Jayaraman, 31, Motilal Street, T. Nagar

Errors aplenty in smart ration cards

Sir, Many ration cardholders have stated that the smart cards now being issued in lieu of the old ration cards are full of errors like wrong names/gender/date of birth/address etc. When the smart card is derived out of the already available details in the ration card and the linked-in information from the Aadhaar card, how can the details go wrong? The least that those who received smart cards with errors should do is to act 'smart' by sending the same to the State Food Minister, Fort St. George, Chennai 5 directly under registered post, enclosing copies of the ration card for necessary corrective action. For no fault of ours, why should we be made to run from pillar to post to make corrections? V. S. Jayaraman, 31 Motilal Street, T. Nagar

LETTERS TO THE EDITOR

Garbage, water stagnation in Lakshmi Street 2nd Lane

Sir, Corporation sweepers are not cleaning Lakshmi Street 2nd Lane, behind Pushpavathi Ammal Street, West Mambalam. Similarly, garbage too is not cleared regularly from the street. The recent downpour has caused water stagnation as well. The unhygienic condition of the street has caused proliferation of mosquitoes which is harmful to the health of the residents, especially children and the aged. R. Lakshmi, Lakshmi Street 2nd Lane, West Mambalam

Regularization scheme will only bolster building violations

Sir, The Tamilnadu government has notified rules and guidelines to regularize unauthorized constructions completed on or before July 1, 2007 under section 113-C of the Town and Country Planning Act, 1971 based on the recommendations of the Justice Rajeswaran Committee. As per the rules, irrespective of the kind of violations, the buildings can be 'regularized' by paying penalties ranging upto three times of the existing guideline value. Justifying the notification of the rules, the Housing & Urban Development Department stated that the above notification was necessary as there were a large number of unauthorized buildings and demolition of all such constructions was practically impossible. It further stated that lack of commercial space and loss of livelihood were the other reasons for the said notification. I now ask who in the first place is responsible for such a large number of buildings to come up with violations? Had there been regular inspection by the officials vested with powers, and stoppage of constructions then and there, a situation of the present scale would never have come up. Does this not amount to abdication of responsibility and dereliction of duty?

If the buildings with violations can be regularized by paying fines, then what is the use of having an authority like CMDA? It too must be closed. The rules notified state that the regularization will apply only to those buildings which were constructed on or before July 1, 2007. Does it mean that there are no violations in the building constructions subsequent to the above date? It must be stated that there is no abatement to gross violations even today. T. Bookings under 'Dial for water' scheme cancelled without notice

By Our Staff Reporter

With the water crisis worsening in the city, the demand for supply of water through tankers is on the increase.

Though Metrowater is claiming a waiting period of upto 5 days, a number of residents have reported that the period has gone up to 12 days.

To add to their woes, a number of residents have also complained that their bookings are getting cancelled without notice and they are left with no option but to rebook.

V. S. Jayaraman (a resident of Motilal Street, T. Nagar) told *Mambalam Times* that he had made a booking on June 16, and when he went to Metrowater office a few days later to enquire, he was told that his booking had been cancelled.

"The assistant engineer had no answer when I asked him why consumers were not informed," he said.

Jayaraman was told to make a fresh booking. Residents can book for water by calling the head office, through mail or by contacting their respective area engineers.

According to a senior Metrowater official, they are looking into the complaints and said they will be sorted out soon.

Beware of touts warn Metrowater officials

By Our Staff Reporter

As the wait for Metrowater tankers gets longer, the demand-supply gap has triggered a rise in the number of middlemen who promise residents to liaise with officials to get their booking advanced for a fee.

A Metrowater official told *Mambalam Times* that they con residents saying they would help get metro water piped or through tankers.

It has been reported that they charge as high as Rs. 500 for a Metrowater tanker supply and the residents are willing to pay as even then the rates are lower compared to those of private tankers.

He said that the brokers are also misusing the 'Dial for water' scheme by making multiple bookings for the same address under different names.

"We are conducting surprise checks at filling stations to prevent any kind of malpractice by the staff in cahoots with these brokers", he said.
