**THE SMILE CORNER**  
**GET TEETH ALIGNED BY PROFESSIONALS**  
**Teeth alignment is very important because**  
 1. Aesthetically, aligned teeth gives you a more confident smile and it improves your face value.  
 2. Irregular teeth are more difficult to clean and proper oral hygiene maintenance is difficult.  
 3. People with irregular teeth tend to loose their teeth earlier than people with well aligned teeth, especially the lower front teeth. This is because of weakening of gums and bone degradation  
 4. Biting and chewing of teeth is more effective with well aligned teeth.  
 So if you have irregular teeth, visit your orthodontist, or any clinic with a consulting orthodontist and get your teeth set right. Age is not a barrier for tooth alignment, so don't wait any longer.

LETTER TO THE EDITOR

Appeal to expedite storm water drain work

Sir, Chennai Corporation started widening the storm water drain on F Block 4th Street (Anna Nagar East) last month.

A portion of the drain is lying open at the junction of F Block 2nd Street (Anna Nagar East). Since last two weeks, there has been no progress in the work.

The open trench poses danger to pedestrians, especially at night due to poor visibility. I appeal to Chennai Corporation to close the trench and expedite the work early. R. Nagendran, F Block 2nd Street, Anna Nagar East.
